

Level 1 hub

Level 1 hubs are the main areas or groupings of content within the new NSW Department of Education website.

What are level 1 hubs?

Level 1 hubs sit directly beneath the level 0 education.nsw [homepage](#) information architecture. Level 1 hubs contain large amounts of content broken off into categories called [level 2 hubs](#).

The main purpose of the level 1 hub is to group related content in a way that makes sense to the user. The page will contain some introductory text about the hub and provide users with links to the hubs and sections below, if applicable.

For example: if a user clicks on to the 'Teaching and learning' level 1 hub from the mega menu (top navigation of all education.nsw.gov.au pages)...

A light gray rectangular box containing the text "Level 1 on mega menu".

...they are taken to the 'Teaching and learning' level 1 hub page shown here:
