

Content page

Content pages are the most prevalent throughout our website. They offer the most flexibility for available templates and components. All authors who have completed our Content Management System training are to only use Content Pages when making new pages on education.nsw.gov.au. All other (higher level) Templates aggregate Content Pages automatically to save you time.

Introducing content pages

Content pages could use several templates depending on the best way to present the content for the user. Available templates include:

- [A to Z page](#)
- [catalogue](#)
- [guided journey](#)
- [long content page](#)
- [news page](#)
- [standard content page](#).
